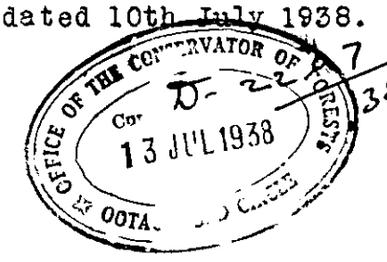
[Despatch Abstract]

Land Acquisition - Forests
South Kanara District - Coondapur
taluk - Vandse village - Extension
of the Forest Bungalow compound
Notification under Section 4(1) of
the I Act purchased.

Cr 6406/38

Ref.C.1818-38-B3.

South Kanara Collector's Office,
Mangalore, dated 10th July 1938.



From

Sri Rao Bahadur M.V.Vellodi, B.A.,
Collector of South Kanara.

To

The Secretary to Government,
Development Department, Madras.

Through

The Conservator of Forests,
Ootacamund Circle, Ootacamund.

Sir,

Land Acquisition - South Kanara District -Coondapur Taluk - Vandse village - S.No.41/2 - Extension of the compound of the Forest Bungalow, Vandse - draft preliminary notification-

*****

At the instance of the District Forest Officer, Mangalore North, I submit a draft preliminary notification in respect of S.No.41/2 of Vandse village, Coondapur Taluk measuring 20 cents proposed for extending the compound of the Forest Bungalow, Vandse.

P2 in

2. The District Forest Officer, states that the owner of the adjoining plot has constructed a new building close to the Forest Bungalow. The Conservator of Forests, Ootacamund, who inspected the site was satisfied that it threatens to block the entrance to the garage and in his letter R.Dis.3049-37 dated 15.2.38 (Copy enclosed) he has sanctioned the proposed acquisition.

P3 in

3. The probable cost of acquisition is Rs.176-10-8.

11/7

For Collector.

Copy to the District Forest Officer, Mangalore North.

Copy of R.Dis.No.3049/37, dated 15th February 1938 from the Conservator of Forests, Ootacamund Circle, Ootacamund, to the District Forest Officer, Mangalore North.

*****

Subject:- Land Acquisition - South Kanara - Coondapur Taluk - Vandse Village - S.No.41/2 (0.20 acre) - District Forest Officer's proposals approved.

****

I inspected, during my recent halt at Vandse, the new building constructed by the private individual close to the Rest house and am satisfied that it threatens to block the entrance to the garage. The District Forest Officer's proposal to acquire the plot of land (S.No.41/2) is therefore approved. He should take steps to acquire the land and should address the Collector in the matter after making the necessary provision in the next year's budget.

Land Acquisition - South Kanara Dt - Bantwal Taluk - Vandse village - Extension of the Forest Bungalow compound.

Endt. of the C.C.F. No. 6404/38-A2 dt 10-8-38

The reply from the Collector of South Kanara to G. M. No. 21213 I/38-1 dated 22-8-1938 and the plotted sketch received from the Collector are forwarded to the C.C.F. The reasons given by the Conservator for the acquisition of the plot planned in his R. Dis No. 3049/37 dated 15-2-38 submitted with the C.C.'s reference read above are not convincing. The C.C. is therefore requested to furnish further the proposal to acquire S. No. 41/2 including the private building on it. It is not also clear whether the cost of acquisition reported Rs 176-10-8 includes the value of the new building.

From the position of the private building in the plotted sketch, it is not likely to block the entrance to the forest

Land acquisition - South Kanara District - Coondapur Taluk - Wandse village - S.O.No. 41/2 - extension of the compound of the Forest Bungalow - Wandse

I submit herewith an enlarged and dimensioned sketch clarifying the position. The plot of land to be acquired is S.No. 41/2, its eastern boundary adjoining Government land being shown by the line A B. The kitchen and outhouse of the Forest Rest House are two separate buildings in S.No. 41/3. The outhouse has 4 compartments, Nos 1 and 2 are motor sheds with entrances facing west and Nos 3 and 4 are servants rooms with entrances facing east. The space between the boundary line A B and the entrance to the motor shed is 1½ ft. on the south and 3 ft. on the north. It is therefore obvious that the motor shed cannot be entered without trespassing on the land S.No. 41/2 of Hammad Sahib. Actually we have been trespassing hitherto. It was a bare piece of land till 1937. The difficulty started when a new house sprung up in 1937. The next step will be for the owner to erect a wall along the boundary A B and when that is done the blocking of the motor sheds will be complete.

2. It will also be recognised how inconvenient it would be to have a private dwelling close to the rest house buildings. The kitchen is only 15 feet from the boundary and less than thirty feet from the private building. Nothing can stop the owner using his land as he likes. When manure heaps and rubbish heaps are made in the space lying to the east of the building and if the land is also used for purposes of a latrine, it will be intolerable and the kitchen and outhouse must necessarily be abandoned.

3. The owner of the plot Budan Saheb is reported to be of unsound mind. His brother-in-law Hammad Sahib is the present occupier who put up the new building at a cost

of about Rs 100. He gave a written statement that he had no objection to vacate the plot and this statement was submitted to the Collector while making proposals for the acquisition.

4. The cost of acquisition viz., Rs 176-10-8 includes the value of the building which is Rs 90.

From the Conservator, Afforestation Circle

Enclosure:

Copy of letter R.C.No. 2827-38-A, dated the 11th July 1939 from the District Forest Officer, South Kanara, to the Chief Conservator of Forests, Madras.

Land acquisition - South Kanara District
Coondapur Taluk - Wandse village - S.No.41/2.

Ref. Your No. 6404/38.A2, dated 19-4-1939.

There are certain practical difficulties in making the alterations proposed by Government, besides the high cost involved. The existing building was made of mud walls some 30 years ago and any attempt to dismantle the walls of compartments 3 and 4 for making the opening of the motor sheds is likely to result in the collapse of the building. The alterations can be made by dismantling the roof and reconstructing the building. In the reconstruction, the servants rooms which are 11½ ft long and quite inadequate for parking cars must be lengthened to at least 16 feet and the whole work as estimated will cost Rs 250 while the cost of acquisition will only be Rs 177.

2. In front of compartments 3 and 4 is a high eroded river bank and as erosion progresses, however slowly, the space in front would in course of time get reduced to such an extent, as to hinder a car being taken into the sheds. Further, the floor in compartments 3 and 4 are 1½ ft above the general ground level and unless a long ramp is made, it will be impossible to drive in cars. Compartments 1 and 2 the present motor sheds are on a level with the ground.

3. The outhouse as it stands is encroaching into the private land. When I last visited Vandse I took careful measurements and found that the tiles of the motor shed project 6 inches beyond the boundary line A.B and the rain water must be falling a couple of feet beyond. The private owner can immediately demand removal

of this encroachment. If he chooses to erect a wall along his boundary, the entrances into compartments 1 and 2 will be blocked shutting out light and air and making them useless for any purpose.

4. I reported already the great inconvenience in having a poor class dwelling close to the rest house building. The rest house kitchen is only 15 feet from the boundary and 30 ft. from the private building. The private compound is liable to be made insanitary in various ways and I saw evidence of it in my last camp. The distance of the private building from the rest house is only 88 feet and privacy to the occupants of the rest house is all destroyed. There is also considerable disturbance during the day as well as night. In my last camp I myself experienced it and woke up more than once at night with the loud cries of children from Hamed Sahib's house. This is certainly a case for acquisition.

5. A copy of the enlarged sketch is submitted for the Conservator's file.

::::::

Endorsement of the Conservator of Forests, Ootacamund Circle, Ref.No.D. 242[illegible]/38, dated the 20th July 1939

Submitted to the Chief Conservator of Forests, Madras.

2. The District Forest Officer has dealt fully with the difficulties in the way of carrying out the suggestions made by the Government. In the circumstances stated by the District Forest Officer, I definitely favour the acquisition.

Reply from the Collr of South Kanara Rep. No. 1818-38-B3 dt 5-9-38] P 6 cf

To AS

Please see the G.O. at P. 5 cf. and the Collectors reply at P 6 cf and the plotted sketch at P. 7 cf The proposal is to acquire the whole of S. No. 41/2 including the building (item 5) on it

The reason adduced by the Conservator who inspected the site personally, is that the new building constructed by the private individual (Item 5) in the patta land (S.No. 41/2) threatens to block the entrance to the garage (item 3) A perusal of the plotted sketch shows that this is not the correct position and that the acquisition of the whole of S No 41/2 is not at all justified for the reasons given by the Conservator. From the sketch it is seen that the pathway to the garage slightly (within limits) touches the private land proposed to be acquired & this also can be avoided by slightly turning the pathway to the east. Before proceeding with the matter further the C.C. may, perhaps, be asked to further justify the necessity for acquisition. A draft G.O. is submitted for approval.

I am not also sure of the cost of acquisition viz Rs 176-10-8 which is the cost of the house also.

To A.S.

Please see the reference from the C.C.F at Hfp 10-11 C.F. The C.C.F. has submitted a copy of the letter from the D.F.O. South Kanara which explains the necessity for acquiring the land including the private building on it. The D.F.O. has submitted ~~herewith~~ an enlarged and dimensioned Sketch clarifying the position Hfp 12-13 C.F p.14 C.F.

With reference to Asst. Secretary's remarks at 'A' ante, the C.C.F. reports that the cost of acquisition viz., Rs 176-10-8 includes the value of the new building which is Rs 90/-. para 2 and p 10 C.F.

~~It is now submitted for orders whether the C.C.'s proposal to acquire the land with the accepted. If so the draft order below sanctioning the publication of the notification is for approval.~~

The A.F.O. reports that the entrances to the mortar sheds are on the western side. Compartments 3 & 4 of the outhouse can be converted into mortar sheds and compartments 1 and 2 can be used as servants rooms Annexure I p 12 C.F.

26/3

M

8 .15/

M

If this is done there will be no need to trespass on the private land S. No 41/2. The acquisition is proposed more to avoid a nuisance of a private building near the rest house than to solve any real difficulty. Further two motor sheds seems hardly necessary in such a place. The cost of acquisition viz Rs 176-10-8 is disproportionate to the benefit intended by such acquisition.

For orders.

The Surveyor has agreed and
Copy
28335. we may approve the proposal. It shd however be remarked that the trouble and nuisance are of the dept.'s own creation. It shd not build the outhouse so close to the boundary of private plot and have an approach to the motor sheds thro' the private property. They have been trespassing on that property. Not one can think of a motor shed with an entrance of 1½' by 3'. It is the Dept that is using strong hands to the private owner by its injudicious acts.
